

REMARKS

Reconsideration of the above identified patent application is hereby respectfully requested in view of the foregoing amendments and following remarks. Claims 1-20 have been amended. Claims 1-20 remain in the case.

The correspondence address has not been properly updated. Having power of attorney in the matter please change the correspondence address to that shown at the end of this response. This request is courteously repeated at the end of the remarks section.

1-2. The recitation of 35 U.S.C. 112 second paragraph and the rejection of claims 1-20 thereunder, is noted.

In the preamble of each claim, the word "battery" has been deleted. Accordingly, there can no longer be any confusion. Thank you for detecting this error.

As all remaining claims 1-20 appear to be in condition of allowance, reconsideration thereof is respectfully requested, and a notice of allowance is courteously urged at the earliest time.

As there was no cited prior art to overcome, the applicant believes that these changes should bring the application into condition of allowance. If this is not the case, the Examiner is requested not to make any subsequent office action final as the applicant has not had any opportunity to respond to the prior art.

The applicant appreciates the opportunity to communicate by telephone with the Examiner if necessary.

The correspondence address has not been properly updated. Having power of attorney in the matter please direct all correspondence to the correspondence address and telephone as shown below.

Respectfully submitted,

A handwritten signature in dark ink, appearing to be 'Risto A. Rinne, Jr.', followed by the date '11/25/03' written in a similar style.
